CATALOG AND PRICE LIST

Dear Violet Friends and Customers:

We have prepared this new 1952 catalog with only one purpose in mind; to serve you, the customer, with choice violets—grown, packed, and shipped direct from our state and federal certified greenhouses, where we maintain constantly a growing stock of 100,000 African violets of more than 75 standard varieties.

In order to help you make correct selections of your choice we have arranged this catalog accordingly. So many of you are familiar with older standard varieties that we have given more description space to the newer ones.

The modern African violet, as we recognize it today, is a plant of living beauty available in many colors of distinct flower and leaf formations. We have had a constant demand for our own hybrids and introductions. However, being specialists, we grow not only our own varieties originated here but also any other worthwhile variety available on the market that has proven worthy of growing here at our greenhouses.

We invite you to visit our greenhouses. Our motto is, "A Blooming Violet in Every Window."

(PLEASE READ BEFORE ORDERING)

In ordering please PRINT full name and address. All orders of \$10.00 or over are sent insured, postpaid in U. S. A. Orders under \$10.00, please add 50¢ to cover high cost of shipping and packing. We have lowered plant prices wherever possible to give you the benefit of standard prices and fine quality. Money order (preferred) or personal check accepted. No C.O.D.

Canadian customers must secure import permit from your Dept. of Agriculture and forward to us. Postage at cost.

Order with confidence. All plants are shipped in approximately 2" clay pots. Plants 3" to 5" high. Please do not mistake our well established growing plants in pots for rooted cuttings. We ship only well established growing plants. Many in bud and bloom.

May we suggest you have on hand or order some of our certified sterilized soil when plants arrive, as many are ready to shift into 3" size pots and need only sterilized soil added to their already established pot growth.

All packages leave here well packed and all orders of \$10.00 or over are fully insured against damage.

Please Note—Damage includes crushed or broken box, plants crushed or broken. Orders are very carefully packed under modern tested and tried methods and if orders arrive broken or damaged, you are entitled to place a damage claim. Claim must be made promptly with your P. O. Clerk in your favor, then write us giving details of damage and insurance number on package, accompanied with statement of bad order report.

Postal Department — Does not recognize any frozen claims. There is no insurance to protect a loss of this kind, only damaged or broken claims are recognized.

When placing your order with us, please give a second choice of a plant or two, so we can give you the benefit of best plants available at time of order. We maintain a stock of more than 75 standard varieties, and there are times when plants of a certain variety are not as large as we should like to send. However we will only substitute with your permission and knowledge of varieties wanted and sent.

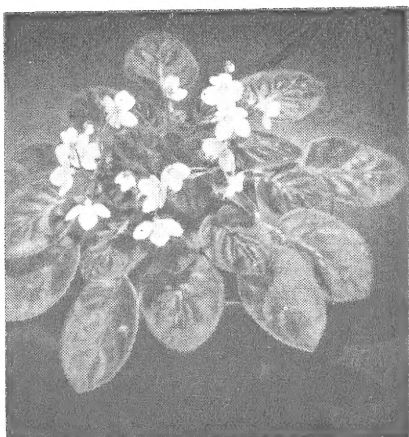

We ship the year round, orders acknowledged and booked during freezing weather.

Allow a reasonable time for delivery!

All accessories are sent postpaid!

TINARI'S PINK LUSTER . . .
true pink, paler in center.

OUR 1952 SEEDLING INTRODUCTIONS

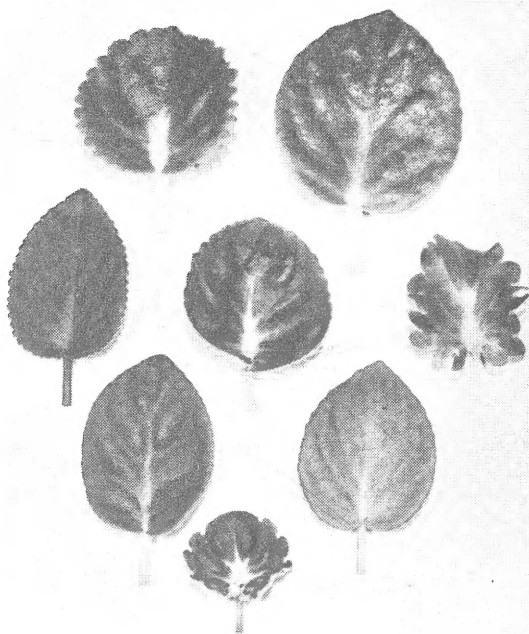

TINARI'S PINK LUSTER — A luscious seashell pink of profuse blooming quality. This new registered vigorous growing variety produces a constant succession of lush pink blossoms as many as 15 to 20 per flower stalk. Dark green foliage slightly cupped and quilted showing a slight bronze tinge and a pink suffusion underneath, greatly resembling the ever popular Tinari's Blue Eyes. Appearing in full color on the jacket of Helen Van Pelt Wilson's new "Complete Book of African Violets." The beauty, lovely form, leaf pattern, profusion of bloom and vigorous growing quality of this new pink give it outstanding collector and commercial value. We are accepting orders on this variety . . . ~~\$5.00~~ **\$2.00** each. (We reserve the right to limit quantity on orders accepted.)

HELEN WILSON (ORCHID) BOUQUET — This is a new Tinari 1952 introduction. The only double in our new bouquet series with girl foliage to date. Flowers are characteristic of the bouquet series, very double and open to maturity with excellent long lasting quality. Deep rich double wine red flowers on sturdy uniform flat, crisp girl foliage, a real beauty you will want in your girl collection . . . \$1.50 each.

WINE VELVET — Deepest single wine red variety seedling we have seen to date. A lush wine red beauty that holds its color well. Outstanding among the red types. Long shiny, sharply tapered dark forest green leaf of good form. \$1.50 each.

HELEN WILSON BOUQUET . . . only girl-type Bouquet. **WINE VELVET . . .** nearest red, with a large flower.

LEAF TYPES: Top—Blue Heiress, America
Center—Navy Bouquet, Sailor's Delight, Snow Girl
Bottom—Pink Luster, Ruffled Beauty, Purity

BEAUTIFUL AND POPULAR ALL GIRL TYPE FOLIAGE VARIETIES SINGLE FLOWERING TYPES

Girl varieties are distinguished by an irregular green yellow to white area at the leaf base. Leaf edges are crenate and crisp, sometimes very deeply scalloped and many are heavily tinged with red and bronze leaf coloring.

Girl varieties are especially desirable for their interesting and unusual leaf pattern.

AMAZON BLUE GIRL — Dark purple flower. 75¢ each.

BLUE HEIRESS — Medium blue flower, DuPont foliage with girl type markings. \$1.50 each.

BRONZE GIRL — Orchid red flower, deeply bronze tinged foliage. \$1.25 each.

BURGUNDY — Plum red flower. 75¢.

LAVENDAR GIRL HYBRID — Red lav., bi-color flower, heavily scalloped girl foliage. 75¢ each.

PAINTED GIRL — This is an interesting new girl. White flowers are streaked and edged with orchid and wine color markings, most outstanding. \$1.25 each.

PINK GIRL — Pink flower, girl foliage. \$1.00 each.

PURPLE GIRL — Dark purple velvet texture blossoms, beautiful girl foliage. 75¢ each.

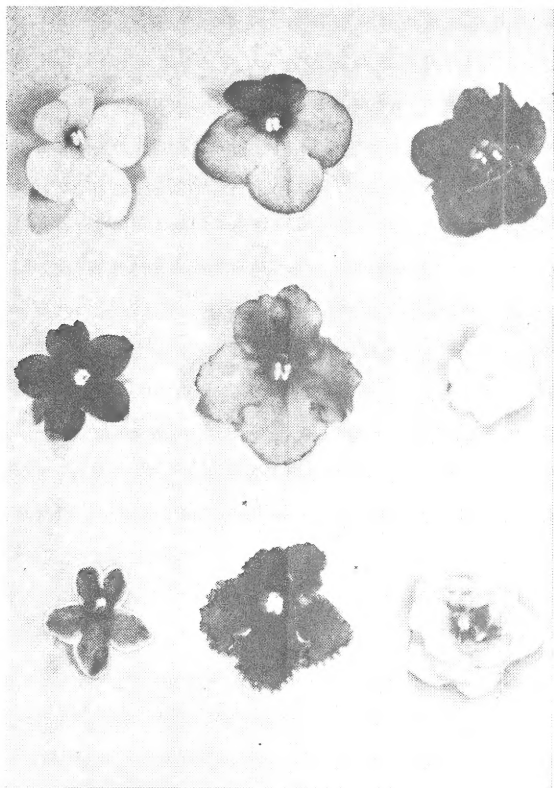

RUFFLED BEAUTY — A new variety which will add beautiful contrast to your girl foliage types. The fringe on this variety is deeply pinked at leaf edges and beautiful rich colors of red, yellow, and lavender are present in the unusual leaf markings. A well shaped rounded lavender red flower adds to the rich beauty of this new variety. \$1.50 each.

SAILOR GIRL — Ever popular light blue flower, on heavily scalloped lush girl foliage. Very profuse bloomer. 75¢.

SNOW GIRL — A new snow white flower, on heavily scalloped girl foliage. \$1.00 each.

VELVET GIRL — New large pansy like blossoms of wine red bi-color. Upper petals a deep velvety red. Excellent sturdy girl foliage. \$1.25 each.

WHITE GIRL — White flower with blush cast, upright girl foliage. 75¢ each.

Top—Tinari's Pink Luster, Velvet Girl, Navy Bouquet
Center—Star Sapphire, America, Purity
Bottom—Rainbow Geneva, Lacy Girl, Azure Beauty

ALL DOUBLE FLOWERING TYPES

AZURE BEAUTY — Double white with light blue variegation. \$1.25 each

DARK BEAUTY — Double white with dark blue variegation. \$1.00 each.

DOUBLE ORCHID — Deep orchid double flower. 75¢

DOUBLE ORCHID NEPTUNE — Large orchid double flowering. Neptune leaf. \$1.00 each.

DOUBLE MARGARET — Dark purple flower, lacy leaf. 75¢ each.

MARINE BOUQUET — Vivid light blue double flowering. Very profuse bloomer. \$1.00 each.

NAVY BOUQUET — Very dark navy purple color. Double flower, profuse bloomer with heavy crinkled leaf. \$1.25 each.

PURITY — The first pure white double flowering type available. This long wanted new variety is a beautiful and profuse type. 2". \$1.50 each.

RUBY BOUQUET — This is of very vivid ruby wine color, firm glossy leaf of dark green. \$1.00 each.

RUFFLES BOUQUET — Heavy double flower. Flower similar to color of variety Ruffles. Leaf deeply veined. Interesting bronze green leaf. \$1.00 each.

VELVET BOUQUET — A deep royal purple. Velvet texture double flowering type. \$1.00 each.

PURITY . . . first double white, with translucent flowers.

SAILOR'S DELIGHT . . . girl-type; a double Sailor Girl.

ALL DOUBLE FLOWERING GIRL VARIETIES

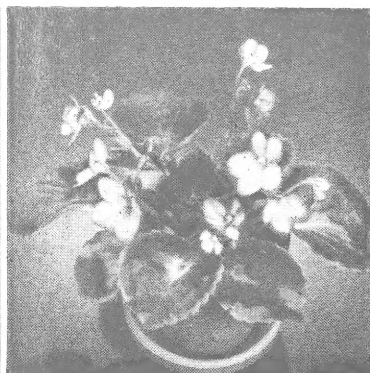

HELEN WILSON—First double flowering girl type variety. Distinctive with its large dark purple double blossoms and flower stalks in abundance, that do not fall off, but remain for weeks on stems. Heavily fluted girl type leaf. Mature leaves very irregular and interestingly pinched back upon themselves with definite creamy spot at base. 75¢ each.

HELEN WILSON (ORCHID) BOUQUET — This is a new Tinari 1952 introduction. The only double in our new bouquet series with girl foliage to date. Flowers are characteristic of the bouquet series, very double and open to maturity with excellent long lasting quality. Deep rich double rich red flowers on sturdy uniform flat, crisp, girl foliage, a real beauty you will want in your girl collection. \$1.50 each.

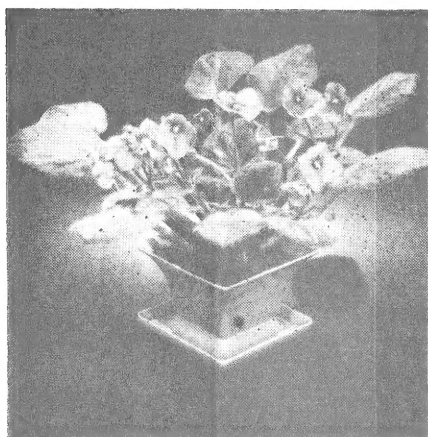

SAILOR'S DELIGHT — New and popular, the beautiful Sailor Girl has gone double. Very profuse beautiful light blue semi-to full double flowers on sturdy, luxuriant heavily marked girl foliage. \$1.00 each.

LACY GIRL . . . glowing, deep purple; with wavy foliage.

PAINTED GIRL . . . A single white with wine brush marks.

AMERICA . . . distinguished lady
in a well-tailored suit.

AMERICA — Tinari's America, beautiful and strong, a symbol of our country in which it was born. A seedling of distinction with its huge, soft, beautiful, true blue blossoms to its heavily crenated, crisp, heart-shaped mammoth leaf. It is distinctive in every detail. We have counted 5 to 10 of its beautiful large flat blossoms that flute and ripple at edge of petals, on one cluster. Large golden colored stamens, a graceful upright manner of growth, add to its distinctive beauty of strong and stately appearance. \$1.00 each.

AMAZON BLUE EYES — Supreme type of the ever popular Tinari's Blue Eyes. 75¢ each.

AMAZON PURPLE PRINCE — Large, dark purple velvet flower, large, sturdy, light green heart-shaped leaf. Pictured in color on jacket of Helen Wilson's new violet book. \$1.00 each.

AMAZON PINK — Very large salmon pink blossom. \$1.00 each.

BLUEBIRD — Colorful blue, upright variety. 75¢ each.

BLUE EYES — Tinari introduction of 1947. Baby blue flower, glossy green foliage. 50¢ each.

BLUE CHARD — Purple blue flowers. Long shapely tapered leaf. 75¢ each.

BLUE EYED BEAUTY — White blossom with blue tinge center. \$1.00 each.

BLUE FLUTE — Very large medium blue blossom, sturdy dark green DuPont foliage. 75¢ each.

BLUE WARRIOR — Vivid deep purple blue flower, outstanding dark green glossy narrow leaf, wine red underneath. 75¢.

CHRISTINA — Palest blue beautiful DuPont type, only variety named by the late Mrs. DuPont. \$1.25 each.

CRINKLES — Dark blue flower, quilted crinkled leaf, red underneath. 75¢.

DELAWARE — Darkest large blue, DuPont variety. Large smoothly tailored DuPont leaf. \$1.00 each.

DuPONT BLUE — Medium blue DuPont leaf. 75¢ each.

DuPONT LAV. PINK — Very large lav. orchid flowers of the DuPont type. 75¢ each.

DIPLOTRICHA — One of the true original species. Formerly known as Kewensis. Light myrtle blue blossom. 75¢ each.

DIPLOTRICHA SUPREME — Supreme type of original wild species. 75¢ each.

DOUBLE NEPTUNE—Neptune foliage with excellent double flowers, free bloomer. 75¢ each.

FANTASY — This new variety has flowers of lavender blue which are freckled and striped, most unusual. Medium green upright foliage. At times reverts to its parentage Bluebird, also to other shades. This variety is offered under these conditions as true propagation is uncontrollable, plants sent in bud or bloom when possible. 75¢ each.

GENEVA STAR — Blue blotches on white flower. \$1.50 each.

GORGEOUS BI-COLOR — Real lavender bi-color. Two top petals very deep lavender, bottom petals soft lavender tones. Medium green quilted leaf. 75¢ each.

GROTEI — Species known as the "Trailing African Violet." \$1.50 each.

JESSIE — Excellent bloomer of pale lavender flower. 50¢ each.

LACY GIRL — (New.) Large dark purple heavily fringed. Blossom strong lacy Amazon foliage. \$1.50 each.

LADY GENEVA — (Pat. Pending) A most interesting, and strikingly beautiful variety. Very deep purple violet blue, with pure white twinkling edge. 75¢ each.

MAUVE FRINGETTE — A real pastel of mauvette lavender, fringed flower and leaf. 75¢ each.

MAMMOTH RED — Tinari seedling largest wine red type, large hairy egg-shape leaf. \$1.00 each.

NORSEMAN — An old favorite. Heavy flowering medium blue flower. 75¢ each.

NEPTUNE — Another old favorite, large velvety purple blossom, quilted leaf. 75¢ each.

ORCHID NEPTUNE — Orchid blossom, Neptune characteristic. 75¢ each.

PINK BEAUTY (Patented) — True Amarantha Pink, prolific. Light medium green foliage. 50¢ each.

PLUM SATIN — Plum red flower, shiny green leaf. 75¢ each.

PURPLE PRINCE — Very profuse bloomer, deep reddish purple blossom. 50¢ each.

RED BI-COLOR — Top petals of deep red lavender, lower are pale lavender. 75¢ each.

RED KING — Deep rich, violet red. Holds color well. Exceptionally attractive heart-shaped quilted leaves of medium dark green. 75¢ each.

RED LAND — Another red violet color flower. Good heart shape, shiny green leaf, good bloomer. 50¢ each.

RAINBOW GENEVA — A new plum red with sugar white edge. 75¢ each.

RUFFLES—A dark leaf variety, very interesting. 75¢ ea.

STAR SAPPHIRE — This is a new, unusual variety. Star shape purple flower, double stamen, flower stays on longer. 75¢ each.

SNOW PRINCE — New white seedling, large, rounded petal, glistening white flower, resembles Neptune formation. Flat growing heart-shaped leaf. A very profuse bloomer. 75¢ each.

SUNRISE — New red lavender variety. \$1.00 each.

TINTED LADY — Blue gray violet. 75¢ each.

TINARI'S PINK LUSTER — (SEE PAGE ONE)

VIOLET BEAUTY — Lovely large orchid color blossoms. Very free bloomer with slightly tapered medium green foliage. 75¢ each.

WINE VELVET — (SEE PAGE ONE)

WHITE WATERLILY — White flower, prolific bloomer. 50¢ each.

20 AFRICAN VIOLET LETTER-ETTES—Violets in color in attractive violet gift box with envelopes. An ideal gift for your violet corresponding friends. \$1.00 box postpaid.

TINARI'S CERTIFIED AFRICAN VIOLET SOIL—A soil especially prepared, blended and sterilized for house culture of the lovely African Violet. It contains all the finest basic materials most essential to good Saintpaulia culture.

This soil has been treated to **CONTROL** most **NEMATODES, SOIL INSECTS, ROOT ROTS, WILTS** and **WEED SEEDS**, also to control undesirable soil organisms such as "ell worms" commonly found in most soils, harmful soil fungi, detrimental to plants, and other forms of bacteria that prevent good growth and blossoms on your plants.

Soil tests conducted here have proven to us good clean soil properly blended and sterilized is the most important factor in raising healthy, vigorous, well-developed plants.

Soil is packaged and ready to ship to you in the following sizes for your convenience.

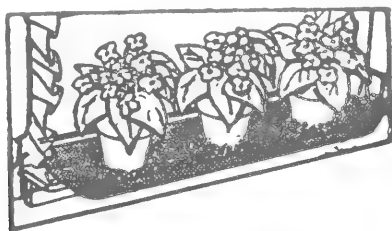

3 lb. \$1.00 p.p.d., 25¢ extra West of Mississippi.

5 lb. \$1.50 p.p.d., 35¢ extra West of Mississippi.

10 lb. \$2.75 p.p.d., 50¢ extra West of Mississippi.

We can supply soil in larger quantities of 25 lbs., \$ 2.50 50 lbs., \$4.00; or 100 lbs., \$8.00. You pay postage, check zone at your P.O. and send postage cost with order.

VERMICULITE—An excellent rooting medium for house culture. Sterile heat treated to 2000° F. (Box approximately 6" square.) \$1.35 Postpaid.

Aluminum Window Trays—Ideal for providing more space to grow and display your African Violets. Ideal for narrow window sill or shelf. 27 in. long x 6½ in. wide x 1½ in. deep (brackets and screws included). Your choice of neutral aluminum or moss green finish. Most useful and attractive. Holds five 3 in. pots, ten to twelve 2 in. pots. \$2.25 each, postpaid.

KAPSULATE—Sodium Selenate in new capsule form. Safe and easy to use—merely drop the capsule on the soil in the pot and water the soil, the plant takes up the selenium in about 2 weeks, then insects such as aphids, cyclamen mite, red spider, thrip, etc., that try to feed on the plant are either killed or repelled. Box of 12 capsules. .75

HYPONEX PLANT FOOD—A real aid to keep your violets in a good vigorous growing and blooming condition. A clean, odorless plant food especially beneficial to African Violet culture, and most economical; does not lose its vitality. This food gives best results when used as a regular weekly drink for your plants. Full directions are included on every package.
3 oz. can 25¢ p.p.d. 7 oz. can 50¢ p.p.d. 1 lb. can \$1.00 p.p.d.

PROLIFEROL POWDER—A well balanced scientific growth stimulant for treating violet leaf cuttings before rooting. Encourages rapid root development. 35¢ a package postpaid.

Liqua-Vita

LIQUA-VITA PLANT FOOD—A highly concentrated fertilizer with plant hormones and Vitamin B₁ in liquid form, so easy to use, simply add to your water. Non acid forming, excellent for African Violets and all other house plants. 8 oz. bottle (makes 16 gal. plant food) \$0.75 postpaid. 1 qt. bottle \$1.50.

**SELF WATERING
(WIK-FED)
STYRON
FLOWER POTS**

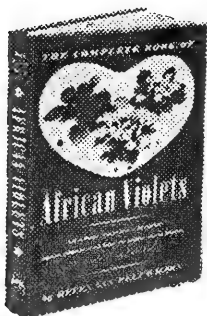

Plants can be left days without watering, due to sub-irrigation wick. Water in reservoir base keeps roots of plant scientifically moistened. Lovely 4" pots in color choice of Red, Yellow, Pink, Green, Blue, Ivory—all with high luster black base. 4" — \$1.00 each.
6 pots, \$5.50 postpaid.

All orders \$ 10.00 and over postpaid, insured.

AFRICAN VIOLET SEED—Approximately 300 seeds to a package. Directions for sowing with every package. Crosses made with good standard varieties. \$1.75 package, postpaid.

Special Hybrid Crosses, \$3.50 pkt.

NEW — COMPLETE BOOK ON AFRICAN VIOLETS—by Helen Van Pelt Wilson. 29 violets in full color. Up to 40 pages of drawings. Latest up-to-date cultural directions on all phases of growing beautiful flowering plants. \$2.95 each. (Autographed copies by author still available on request.)

OPTOX VIOLET SPRAY—To keep your plants clean and free from cyclamen mite, mealy bug, thrips and other common diseases of African Violets or other plants kept near your Saintpaulias which are many times a source of infestation.

Complete directions are printed on every bottle. Also can be used in diluted proportion to destroy manure worms and various larvae in the soil.

Optox is a safe, dependable insecticide, containing a well balanced blend of rotenone and pyrethrum concentrate spray. Will not injure the most tender plants, when used as directed. Packed in the following convenient sizes. 1 oz. bottle 60¢ p.p.d. 6 oz. bottle \$1.35 p.p.d. 1 pt. bottle \$2.50 p.p.d.

An ordinary fly sprayer is best to use when spraying violet plants, where spray is applied evenly with pressure.

SUGGESTIONS ON CARE AND CULTURE OF AFRICAN VIOLETS

With the ever-increasing interest and pleasure that Saintpaulias have given to beginners, collectors, and enthusiastic window gardeners everywhere, much real interest has been created in search of the best possible culture for such a handsome house plant. It seems every collector has some particular window or favored location, in one's own home where their violets thrive best. In our sixteen years of African Violet growing and experiences we have found that violets, like individuals, have certain likes and dislikes which, with careful observance and study, combined with a bit of practical knowledge, are easily understood.

Above all, it is well to remember that this fascinating plant is a semi-tropical beauty, and all we can do to make it happy and comfortable in its unnatural surroundings will be greatly rewarded with constant bloom and luxuriant foliage.

Remember, too, our violets of today are gorgeous hybrids, with beautiful large blossoms of exquisite color tones, and interesting leaf formations, compared to the original wild species. They grace our windows with an air of beauty and interest, which is a never-ending source of pride and satisfaction to the violet collector.

Here at the gardens we are constantly hybridizing and experimenting with every known variety, in an effort to bring to our violet friends the very finest in violets. May

we suggest the use of north and west exposures for the late spring and summer months, south and east for winter. In summer, violets grow well behind the kind protection of a venetian blind, curtain, or on a well protected porch. In winter a lush, moist atmosphere is most desired by our semi-tropical pets. Several plants growing in one location always help to create a better growing atmosphere than one lonely plant. Many apartment dwellers and window gardeners have found our aluminum pans most useful for this purpose. Plants grow well on pebble-filled pans and the moist pebbles are a ready means of humidifying the surrounding air.

Violets like a night temperature of 68 degrees. Avoid draughts or placing plants near cold window panes, without protection from the cold night air, which often retards good growth and bloom.

Always use warm water, rain or spring water preferred, which is free of chlorine and other chemicals. Plant food is most essential to keep plants in a healthy growing condition. Place pots in saucers and water from below. Plants can also be watered from the top if care is taken not to wet the foliage, as moisture on the leaves, with the strong light or sun shining on them, will cause leaves to spot and become yellow and unsightly.

Plant Food should be used at least once a week to keep plants in a good healthy growing condition. For your convenience we carry two forms of plant food:

LIQUA-VITA—A modern violet food in liquid form which needs only to be added to the water.

HYPONEX—An economical food, in powder form, favored by many.

These tested and tried popular foods are used here at our greenhouses and can be safely used on the most tender plants without burning.

Complete instructions with each food described on container.

For a clean healthy plant collection we wish to recommend the use of **optox** spray, to control all the destructive pests such as mealy bug, cyclamen mite and thrips, also to destroy manure worms and springtails often found thriving in and around pots. Specific directions included with every bottle.

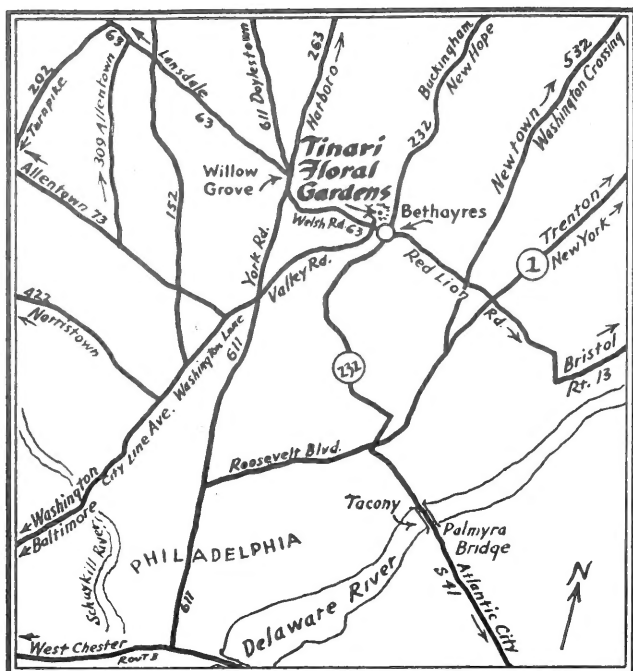

Remember to keep pots in proportion to plants, do not overpot. However, when potting is necessary, use **Tinari's certified African Violet potting soil**, especially prepared for your convenience, ready to use. Expertly blended, sifted and sterilized to exterminate harmful soil fungus and nematodes.

Demands of the African Violet are few but must be constant. Your patience, care and loyalty will be rewarded with handsome flowering plants.

It has been a beautiful experience to walk along the Saintpaulia path with you and your fascinating hobby. You are most cordially invited to visit our greenhouses.

Yours for beautiful Violets,

Tinari Floral Gardens

We extend a cordial invitation to you to visit our greenhouses. Our entire greenhouse range is devoted exclusively to the growing of African Violets.

We have assembled for your convenience groups of the many varieties we grow all in one greenhouse to save you time and make variety comparison upon sight. This offers you an excellent opportunity to become better acquainted with new and standard varieties of your choice.

Our greenhouses and gardens are located in the picturesque valley of Bethayres, along the famous Penny-pack creek, 15 miles from center Philadelphia, 1 mile west of 232 and one block north of Route 63.

Open daily 8 to 5, Sunday afternoon 1 to 5 p.m., evenings by appointment.
